98 applications have been received for the school. The school has an Admission Number of 30. Information about the school's admission arrangements is included in the book 'Starting School ~ a guide for parents'. It has not been possible to meet all the requests for places at and it has been necessary to use the oversubscription criteria, as described in the parent's guide and outlined below, to determine which of the applicants should be offered the places available.

Where a school is named in a child's Statement of Special Educational Needs or Education, Health and Care EHC plan, the admission authority is legally required to admit the child to the school. Therefore such children are allocated places before the criteria are applied.

The 30 available places have been offered as follows:

The school is named in a Statement of Special Educational Needs or EHC plan ~ 0 children;

- i. Children in Care at the time of application and children who were previously in Care but ceased to be so because they were adopted (or became subject to a child arrangements order or special guardianship order) immediately following having been in Care ~ 0 children;
- ii. Children with a brother or sister who was attending the school prior to September 2016 and either he/she or any younger brother or sister will be attending the school at the time of admission where it is the nearest North Somerset school to the home address ~ 8 children;
- iii. Children with a brother or sister who started attending the school after or during September 2016 and he/she will be attending the school at the time of admission, living within the Long Ashton First Geographical Area ~ 2 children;
- iv. Children living within the Long Ashton First Geographical Area ~ 20 children;
- v. Children living outside the Long Ashton First Geographical Area with a brother or sister who will be attending the school at the time of admission ~ 0 children.

The distance, measured in a direct line, between home and school for the last child offered a place was 0.562 miles.

To admit another child to the school would cause prejudice to the provision of efficient education or the efficient use of resources by reason of 'relevant measures', i.e. measures that

would be required to be taken in order to ensure that the legal limit on class sizes of one teacher per 30 children is met at the school. Any appeals for places at the school are therefore 'infant class size prejudice cases'.
