- Prevent damage to the road or to any building on or near the road
- Facilitate the passage on the road or any other road
- Prevent the use of the road by vehicular traffic of a kind which, or its use by vehicular traffic in a manner which, is unsuitable having regard to the existing character of the road or adjoining property
- Preserve the character of the road in a case where it is specially suitable for use by persons on horseback or on foot
- Preserve and improve the amenities of the area through which the road runs
