

## Appendix F

### Maps/plans relating to listed buildings/structures, boundaries and environmental designations

Everything is listed at the pier head and on the island, everything attached to it including the concrete platforms. It was all built before 1948 and will be classed as curtilage listed as part of the main Grade II\* listed Pier, but some of the buildings are also individually listed at Grade II in their own right - they still come under the curtilage listing as well.
