INTRODUCTION AND GENERAL PRINCIPLES

The Licensing Authority Area

North Somerset Council (the Council) is a Unitary Authority in Somerset covering approximately 145 square miles with a population of almost 205,000.

There are approximately 88,000 households and 7,000 active business enterprises within the district. The Council area is a mixed urban and rural district with a dispersed population. The main urban areas are Weston-super-Mare, Clevedon, Nailsea and Portishead.

The remainder of the area is a mixture of villages and farmland. The estimated population of Weston-super-Mare is 80,000, Clevedon 22,000, Nailsea 18,000 and Portishead 22,000. The area is not densely populated although there are concentrations of housing in the above towns.

The area adjoins the conurbation of Bristol and includes a major dock at Portbury, an International Airport at Lulsgate and the seaside resorts of Weston-super-Mare and Clevedon. The area has good transportation links that include the M5 motorway and main line railway routes and stations.

Hackney Carriages and Private Hire vehicles are an important mode of local transport and as such have a specific role to play in an integrated transport system. They can provide safe, secure and comfortable transport, providing an on-request door-to-door service in various circumstances, including where public transport may not be available (e.g. in more rural areas), or for older or disabled people.

The area is served by around 500 Private Hire drivers and Private Hire vehicles, working for around 70 Operators. There are also around 120 Hackney drivers and 100 Hackney vehicles.

Aim of the Policy

The aim of the Policy is to regulate the provision of a robust Hackney and Private Hire licensing regime, which ensures that the public travel safely, receive a good level of service but where Operators and drivers are not overly burdened by unnecessary conditions.

In setting out its Policy, the Licensing Authority seeks to promote the following:

- The safety and health of both the drivers and the public;
- Vehicle safety, access and comfort;
- To protect the public;
- To prevent crime and disorder.

Public safety is paramount, and North Somerset Licensing Authority seeks to make sure that all Hackney and Private Hire vehicles are safe and fit for purpose, and that their drivers and operators are fit and proper persons.

This Policy will aim to provide information and guidance to licence applicants, clarity for owners of licensed vehicles and operators, and to inform the public as to the way the Authority will undertake its licensing functions.

In addition, this Policy document seeks to assist the Licensing Authority in reaching decisions on applications or regarding an enforcement issue, setting out those matters that will normally be taken into account.

All individuals that determine whether a licence is issued will be required to undertake sufficient training in such matters as licensing procedures, natural justice, equalities, safeguarding and making difficult and potentially controversial decisions. All training will be formally recorded by the Licensing Authority with acknowledgment recorded from participants.

The Policy will be formally revised every 3 years, but kept under review to consider any changes in legislation and best practice, information collated over a period of time, together with the outcomes of any updates in legislation or associated government guidance.

There is also a strong commitment to addressing climate emergency and reviews of admissible vehicle type and age will form part of future reviews. There is an aspiration to move to lower emission vehicles and to ensure compliance with accessibility requirements.

The Policy and any supporting appendices to the Policy may be updated from time to time between full Policy reviews and applicants and other interested parties are advised to contact the Licensing Authority for the most up-to-date information.

In preparing and publication of this Policy the Licensing Authority has had regard to:

- Guidance issued by the Department for Transport “Taxi & Private Hire Vehicle Licensing: Best practice guidance” – edition March 2010;
- Department For Transport “Statutory Taxi & Private Hire Vehicle Standards” – edition July 2020;
- Relevant Legislation;
- Consultation and discussions with other Local Authorities and Partner Agencies;
- Consultation with the taxi trade;
- Consultation with Disability and Equalities representatives.

Nothing in this Policy document should be regarded or interpreted as an indication that any requirement of licensing or other law may be overridden.

1. Policy overview and objectives

- 1.1 North Somerset Council is the Licensing Authority under the Local Government Miscellaneous Provisions Act 1976 (as amended) and the Town and Police Clauses Act 1847. It has the duty to carry out its licensing functions in respect of:
- Hackney Carriage Vehicle Licences
 - Hackney Carriage Drivers Licences
 - Private Hire Vehicle Licences
 - Private Hire Drivers Licences
 - Private Hire Operator Licences
- 1.2 It is recognised that other legislation exists which may impact on taxi licensing, such as the Equalities Act 2010, and therefore aspects of the Policy pay regard to these legislative requirements.
- 1.3 This Policy takes effect from **1st April 2021**
- 1.4 The Council will keep this Policy under constant review and make such revisions to it as it considers appropriate. The Policy will be formally reviewed every three years and informally re-evaluated from time to time. Where revisions are made the Council will publish a statement of such revisions or a revised Policy document.
- 1.5 Any changes in legislation will supersede this Policy.
- 1.6 The Licensing Authority is committed to ensuring the provision of a professional Hackney Carriage and Private Hire service, by continued monitoring and improvement of standards and procedures. The Licensing Authority also seeks to promote the following objectives when considering applications, or when assessing the continuance of an existing licence:
- To ensure the safety and health of both the drivers and the public;
 - To ensure vehicle safety, access and comfort;
 - To protect the public;
 - To prevent crime and disorder.
- 1.7 In promoting these objectives, considerations such as those set out below at Paragraphs **1.8** to **1.11** of the Policy will be taken into account by the Licensing Authority, and applicants and licence holders will be expected to continuously demonstrate that they can meet or exceed specifications set by the Licensing Authority.
- 1.8 **Safety and Health of Drivers and the Public:**
- Consideration of any convictions and/or cautions;
 - Driver training, qualification and performance;
 - Health and fitness of applicant for driver licence, or existing licence holder;
 - Regular driver health checks;
 - Vehicle specifications;
 - Knowledge of the geographical area of North Somerset.

1.9 **Vehicle Safety, Comfort and Access:**

- Standards of vehicle appearance and comfort;
- Use and location of ranks;
- Provision of accessible facilities;
- Provision for all age groups;
- Provision of safe, comfortable and accessible premises for customers to use, if applicable.

1.10 **To Protect the Public:**

- Vetting, qualification,
- Training and monitoring of licence holders;
- Measures to prevent noise and light nuisance from taxi activities;

1.11 **To Prevent Crime and Disorder:**

- Operating rules and disciplinary processes;
- Commitment to work with Licensing Authority, Police and other statutory authorities.

1.12 The Licensing Authority is aware that applying licensing requirements which are unduly stringent may unreasonably restrict the supply of taxi and Private Hire services, and can lead to negative safety implications. Therefore, the Licensing Authority has considered each of its licensing requirements in relation to the proportion of risk it aims to address.

1.13 The Licensing Authority recognises that its licensing function is only one means of securing the delivery of the Policy. The Licensing Authority will therefore continue to work in partnership with other stakeholders, such as the Police, Crime & Disorder Partnerships and the Vehicle and Vehicle Standards Agency (DVSA) towards the promotion of the objectives of this Policy.

1.14 In undertaking its licensing function, the Licensing Authority will have regard to the following legislation:

- Town and Police Clauses Act 1847
- Transport Act 1980 & 1985
- Road Traffic Acts The Local Government (Miscellaneous Provisions) Act 1976, as amended
- Environmental Protection Act 1990
- Health Act 2006
- The Smoke-free (Premises and Enforcement) Regulations
- The Smoke-free (Vehicle Operators and Penalty Notices) Regulations 2007
- The Equality Act 2010
- The European Convention on Human Rights, which is applied by the Human Rights Act 1998
- The Rehabilitation of Offenders Act 1974 (Exceptions) (Amendment) Order 2002

1.15 The Licensing Authority will also have regard to any other relevant legislation, strategies, policies and guidance in its decision-making.

1.16 The following principles will be adhered to when carrying out enforcement activities:

- **Openness**

The Council will be open about how it enforces the legislation in relation to Hackney & Private Hire licensing. It will consult with interested parties and ensure that officers discuss compliance failures or problems with persons experiencing difficulties.

- **Helpfulness**

The Council will work with people to advise on and assist with compliance of the relevant legislation. It will also strive to provide a courteous and efficient service to its customers.

- **Proportionality**

The Council will minimise the cost of compliance for businesses and individuals by ensuring that any action taken is proportionate to the risk or wider public benefit. Officers shall have regard to the human rights of all parties involved in its enforcement activities.

- **Consistency**

The Council will carry out its duties in a fair, equitable and consistent manner. Officers will have regard to national legislation and guidance; local byelaws; corporate policies and procedures: the contents of this document.

- 1.17 Where there are concerns that policies are not being applied correctly, it is vital that these can be raised, investigated and remedial action taken if required. The Licensing authority will have effective internal procedures in place for staff to raise concerns and for any concerns to be dealt with openly and fairly.

The Local authority will ensure there is an effective 'whistleblowing' policy and that all staff are aware of it.

2. Consultation

- 2.1 Before determining this Policy, the Licensing Authority will consult with the following:

- Representatives of the Hackney Carriage and Private Hire trade within the North Somerset area;
- Taxi trade representatives;
- Department for Transport (including DVSA)
- Avon and Somerset Constabulary;
- North Somerset Council Highways & Transport services, Community Safety Team, Schools transport Team, Safeguarding Team and Equality and Diversity Officer.

- 2.2 Consultees are permitted to make representations in writing or via electronic means e.g. email response, so long as their identity and capacity in which they are making representation can be understood. Proper weight will be given to the views of all consulted prior to this Policy taking effect.

3. Departure from Policy

- 3.1 In exercising its discretion in carrying out its functions, the Licensing Authority will have regard to this Policy and the objectives set out therein.
- 3.2 Where it is necessary for the Licensing Authority to depart significantly from this Policy, clear and substantive reasons for doing so will be given.
- 3.3 Any changes in licensing requirements should be followed by a review of the licences already issued. If the need to change licensing requirements has been identified, this same need is applicable to those already in possession of a licence. That is not however to suggest that licences should be automatically revoked overnight, a pragmatic approach should be taken to changes and where possible a reasonable time should be allowed for these to be accommodated. The implementation schedule of any changes that affect current licence holders must be transparent and communicated promptly and clearly.
- 3.4 Where a more subjective change has been introduced, for example an amended policy on previous convictions, the licensing authority must consider each case on its own merits. Where there are exceptional, clear and compelling reasons to deviate from a policy, licensing authorities should consider doing so. Licensing authorities should record the reasons for any deviation from the policies in place.

4. Hackney Carriage and Private Hire Vehicles

- 4.1. The Licensing Authority has no limitation Policy for the number of Hackney Carriages which may be licensed within the North Somerset Council area. This does not imply that there is to be no regulation of Hackney Carriages, as the Licensing Authority intends that quality controls shall be rigorously maintained in relation to both vehicles and drivers.
- 4.2 This Licensing authority will require applicants for vehicle licences to undertake a basic disclosure from the DBS and ensure that a check is undertaken annually. Any individual may apply for a basic check and the certificate will disclose any unspent convictions recorded on the Police National Computer (PNC).

Consideration will be given to whether an applicant or licence holder with a conviction for offences provided in Appendix L to this document, other than those relating to driving, meet the 'fit and proper' threshold.

If an individual holds a valid Taxi or Private Hire driver licence with North Somerset Council and the DBS twice-yearly checks are up to date and acceptable then no additional check will need to be provided should they apply for a vehicle licence.

- 4.3 A refusal to license an individual as a driver or to suspend or revoke a driver licence does not automatically mean that that individual cannot be issued or continue to hold a vehicle licence; these decisions will be made independent of a driver licence refusal and based on the appropriate information i.e. it should not consider information that would only be available via an enhanced DBS check but instead that which would be disclosed on a basic check.

- 4.4 Before North Somerset Council will consider licensing a vehicle for the first time it must meet the vehicle specification set out in **Appendix A**.
- 4.5 The Licensing Authority will not grant first time vehicle licences for vehicles older than **8** years from the date of first registration of the vehicle. This provision will not apply to non-motorised vehicles and special categories of vehicles detailed at **Appendix A**.
- 4.6 Conditions will be applied to vehicle licences granted by North Somerset Council. The agreed standard conditions are shown at the following appendices:

Appendix B – Hackney Carriages

Appendix C – Private Hire vehicles

Appendix D – Conditions applicable to horse drawn vehicles

Appendix E – Additional conditions for stretched limousines

Appendix J – Conditions applicable to Non-Motorised Vehicles

- 4.7 A licensed vehicle shall be tested once per year until it is **8** years old. This will consist of a full MOT and a compliance check at the Council's nominated testing facility.

A vehicle older than **8** years of age shall be licensed for six months. The testing will consist of a full MOT test and a vehicle compliance check at the Council's nominated testing facility.

- 4.8 All annual vehicle compliance tests will take place at a facility approved by North Somerset Council, and will be conducted against the vehicle inspection manual, which is a separate document supplementing this Policy.
- 4.9 All vehicles must have a current MOT at the time of licensing, undertaken within **1 month** of application.
- 4.8. Detailed provisions as to permitted vehicle markings which relate to the proprietor's business and commercial advertising on licensed vehicles is shown at **Appendix F**.
- 4.10 The Council has made byelaws in relation to Hackney Carriages and these are shown at **Appendix G**.
- 4.11 In relation to Hackney Carriages the Council requires all vehicles to be fitted with calendar controlled taximeters. These meters must be calendar clocked, accurate and displaying the correct time and capable of displaying the various tariffs, as approved by the Licensing Authority. This will include any extra charges which are payable under the approved Table of Fares.
- 4.12 Dual plating of North Somerset licensed vehicles with other council areas will not be allowed. If a North Somerset licensed vehicle is found to be licensed by another Authority, the North Somerset licence will be revoked.
- 4.13 Vehicles that fall into category A or B insurance losses will not be licensed other than in exceptional circumstances. No vehicle will be licensed as either a Hackney Carriage or a Private Hire vehicle where a condition report indicates that the vehicle has been previously classified as a category S or N insurance loss, unless a Motor Vehicle Repairers' Association (MVRA) inspector indicates that the vehicle is safe to be licensed. The cost of the MVRA inspection report and any subsequent re-assessment must be met by the applicant. The Council and their agents may conduct their own checks on

vehicles and bear the cost of the same.

- 4.14 Hackney Carriage and Private Hire Vehicle Licences will be issued for a period of one year.
- 4.15 Applications for the continuation of a vehicle licence must be accompanied by a full V5 document. The registered keeper name must reflect the name of the licence applicant.
- 4.16 Vehicles must be presented at the Council's appointed testing facility for the required compliance test within one month of submitting the application for the grant or continuation of a vehicle licence. Failure to do so may prevent the vehicle from being licensed.
- 4.17 Vehicles used solely for Weddings and Funerals are exempt from these Licensing regimes; as are volunteer drivers who receive no financial gain. Ambulances and medical transport vehicles are also currently exempt.
- 4.18 The Licensing Authority takes the view that vehicles which are used as "courtesy cars", i.e. for transporting customers to and from garages, airports, hotels and night-clubs without charge, but with an obvious business benefit, are likely to need to be licensed under the Private Hire licensing scheme as should their 'operator'. Whilst there may not be a separate charge for using the vehicles, they are being supplied with a driver for a specific purpose which is likely to result in a 'business benefit', for example a customer using that business as opposed to one that doesn't offer the same transport service.
- 4.19 Application will be considered for the dispensation from the requirement to display plates on a Private Hire vehicle. These will not be issued as a matter of course and each application will be considered on its own merits. The overriding consideration is for public safety – the clear identification of a licensed vehicle is considered a safety aspect, particularly when visiting such places as Airports and the centres of large towns.

In determining such an application, the status of the passenger and the executive nature of the work is likely to indicate whether a dispensation will be granted or not.

The Licensing Authority requirements in relation to dispensation from displaying plates are shown at **APPENDIX H**.

- 4.20 CCTV in Hackney Carriage and Private Hire Vehicles may be of benefit. In addition to passenger safety, the safety of vehicle drivers is a key issue for both the Hackney Carriage and Private Hire trade. Lone female passengers can be vulnerable especially late at night. Female drivers may be more likely to seek employment with proprietors who have CCTV installed in their vehicles.

Installation of CCTV cameras may have a positive impact on reducing crime and anti-social behaviour. It provides an additional tool for the identification of persons travelling in a Private Hire / Hackney Carriage vehicle. This would be beneficial to passengers, drivers and the police.

It is not proposed to make the provision of CCTV cameras in vehicles a requirement of the licensing scheme, as it is considered that it is a matter best

left to the judgement of the owners and drivers themselves. The Hackney Carriage and Private Hire vehicle trades are however encouraged to consider the installation of CCTV cameras in their vehicles on a voluntary basis and it will then be incumbent upon the operator to handle relevant data gathered in an appropriate and secure manner. Systems having an encrypted recorder that only the police can access are recommended. Should a CCTV system be installed in a licensed Hackney or Private Hire vehicle, the Licensing Authority requirements are shown at **Appendix I**.

4.21 North Somerset Licensing Authority will not entertain applications for those wishing to operate Tuk-Tuks or similar vehicles.

4.22 The Licensing Authority will accept applications from any person wishing to operate a non-motorised vehicle (for example a pedicab or rickshaw) for Hire and reward. Persons wishing to operate such a vehicle will be required to apply for a Hackney Carriage drivers licence. Non-motorised vehicles may not be licensed as Private Hire vehicles as the legislation defines Private Hire as a “motor vehicle”.

The requirements for licensing such vehicles are shown at **Appendix J**.

5. Hackney Carriage and Private Hire Drivers Licences

5.1 It is a legal requirement that drivers of either Hackney Carriages or Private Hire vehicles obtain from the Licensing Authority a licence to drive such vehicles.

5.2 North Somerset Council Licensing Authority issues both Private Hire Driver Licences and Combined Hackney & Private Hire Driver Licences. These are issued for a period of 3 years but can be issued for one year where the applicant is aged 65 years or more and may consider retirement in less than the 3 years of issue.

5.3 The Licensing Authority will issue a licence to an applicant provided that the applicant has held an EEA (E.G.) European Union (EU) full driving licence for at least 12 months, and is a “fit and proper” person to hold such a licence. The Licensing Authority acknowledges that changes to International Driving licences may occur as Great Britain leaves the European Union and will accept any legally agreed version at that time; held for more than one year.

5.4 Fit and proper test

Licensing authorities have a duty to ensure that any person to whom they grant a taxi or private hire vehicle driver’s licence is a ‘fit and proper’ person to be a licensee. It may be helpful when considering whether an applicant or licensee is fit and proper to pose oneself the following question:

“Without any prejudice, and based on the information before you, would you allow a person for whom you care, regardless of their condition, to travel alone in a vehicle driven by this person at any time of day or night?”

If, on the balance of probabilities, the answer to the question is ‘no’, the individual should not hold a licence.

The safeguarding of the public is paramount. All decisions on the suitability of an applicant or licensee should be made on the balance of probability.

This means that an applicant or licensee should not be 'given the benefit of doubt'. If the committee or delegated officer is only "50/50" as to whether the applicant or licensee is 'fit and proper', they should not hold a licence. The threshold used here is lower than for a criminal conviction (that being beyond reasonable doubt) and can take into consideration conduct that has not resulted in a criminal conviction.

5.5 Conditions will be applied to Hackney Carriage and Private Hire driver licences granted by North Somerset Council. The agreed standard conditions are shown at **Appendix K**.

5.6 Hackney Carriage and Private Hire licence holders will be required to adhere to the Code of Good Conduct which is shown at **Appendix M**

Age and Experience

5.7 The Licensing Authority will not have regard to the age of an applicant when determining their suitability where it can be shown that:

- The applicant holds a valid full driving licence and that this licence must have been held for no less than 12 months at the time of application.
- The applicant has reached the required medical standards entitling them to drive in the United Kingdom.

5.8 Drivers reaching the age of 65 will be required to undertake a full Group 2 standard medical examination (as detailed in paragraphs 5.13 – 5.23) on an annual basis for the remainder of time they are licensed with the Authority. They will then be permitted to apply for one-year licences until the point of retirement.

Driver Knowledge and proficiency

5.9 All new applicants will be required to undertake a suitability test before being permitted to apply for a licence. There may be a published fee for this test which will consist of basic numeracy, literacy and map reading assessments. These may be written, oral or computer based and will be individual tests although the test may be in a group examination setting with an invigilator.

Applicants will only be permitted to repeat the test on up to three occasions. If the accepted pass mark is not reached on a third attempt an application will not be entertained.

5.10 A lack of language proficiency could impact on a driver's ability to understand written documents, such as policies and guidance, relating to the protection of children and vulnerable adults and applying this to identify and act on signs of exploitation. Oral proficiency will be of relevance in the identification of potential exploitation through communicating with passengers and their interaction with others.

North Somerset Council will test a driver's proficiency in both oral and written English language skills to achieve the objectives stated above.

5.11 Licensed drivers require a good working knowledge of the geographical area in which they operate to meet reasonable customer expectations. The Licensing Authority acknowledges that advances in technology have seen the

development of both hand-held and in-car satellite navigation systems but still require all drivers to be able to navigate around the district in case of their failure.

The Authority, to determine the fitness of an applicant to hold a driver licence, requires that applicants undertake a knowledge test which examines their knowledge of both local geography and knowledge of the Highway Code, By-laws, Driver Code of Conduct and the conditions attached to their licence. This test is carried out at a place and time determined by the Licensing Authority and pre-test learning guidance will be provided.

An applicant is able to undertake additional tests if they do not pass on their initial attempt. However, if an applicant fails five attempts the Licensing Authority will not then continue with an application.

5.12 Licensed drivers, as a profession, have a responsibility for the safe transportation of fare-paying passengers. Therefore, the Licensing Authority as part of its application procedure requires a Driving Standard Assessment of the drivers' ability to be obtained by all new applicants.

5.13 The driving assessment is achieved by successful completion of the appropriate Driver Vehicle Standards Agency (DVSA) Practical Driving Test. The test is reflective of modern driving practices; the standard is set at a level suitable for the full driving licence holder, which is therefore of a higher level than the learner driver test.

The test must be carried out by the Licensing Authority's nominated test provider. Details of the current provider will be provided to applicants who will then be responsible for arranging and attending a test; providing a copy of their certificate as part of the application process. A fee is payable to the provider and the Licensing Authority does not set or influence this fee level.

Safeguarding children and vulnerable persons

5.14 All drivers will be required to attend a training session on safeguarding children and vulnerable persons. The training session will cover the conduct and responsibilities of those licensed. It will provide guidance in identifying when vulnerable people need protection and how to ensure they are taken to a place of safety. The training deals with the identification of County Lines activities and the signs of child exploitation associated with it. It also details the need to report immediately any such incident or occurrence to the police and/or social services, and provides the necessary contacts and procedures to be followed.

The training provider must be approved by the Licensing Authority and may be an internal or external provider.

New and renewing applicants will be required to attend safeguarding training prior to applying.

5.15 North Somerset Council has a Designated Officer for Allegations (DOFA). All complaints and safeguarding concerns raised against licensed taxi or Private Hire drivers will be referred to this officer. An allegations meeting may be held with representatives of relevant Authorities such as (but not limited to) the Police, Adult/Child protection and social care teams, school transport etc.

In the interest of public safety and to safeguard vulnerable persons, any driver subject to such an enquiry should expect his/her taxi or Private Hire driver licence suspended during any period of investigation.

Should any complaint or concern be upheld following this process, more formal action to revoke a licence may follow. Similarly, if there are no allegations to answer then the licence may be reinstated.

Medical Examination and Exemptions

- 5.16 The Licensing Authority requires that all drivers complete a medical examination at the application stage; and for existing drivers during the term of the licence, as set out in Para 5.14 below. The medical examination will ensure that the applicant/licensed driver satisfy all the requirements of the DVLA Group II Medical Standards of fitness to drive.
- 5.17 The requirement for applicants/licensed drivers about to medical examination is as follows:
- Upon application Every 5 years between the ages of 45 and 65
 - Every year at renewal where the driver is aged 65 years or over
 - Or anytime as required by the Council or the medical practitioner.
- 5.18 Where there is any doubt as to the medical fitness of the applicant/licenced driver, the Licensing Authority may require the applicant/licensed driver to undergo a further medical examination by a Doctor appointed by the Licensing Authority at the applicant's/licensed driver's own expense.
- 5.19 Where there remains any doubt about the medical fitness of the applicant/licensed driver, following the additional assessment described at Para 5.15 above, the Licensing Authority will not issue a licence to drive a Hackney Carriage or Private Hire vehicle. Existing licences will not be renewed and may be revoked.
- 5.20 All licensed drivers are required to inform the Licensing Authority immediately of any illness, condition or any other matter that affects their ability to drive.
- 5.21 The Licensing Authority recognises that applicants who have HGV/PSV entitlements on their DVLA driving licences already undergo Group 2 standard medicals with the same regularity required by this Policy. To avoid unnecessary cost and inconvenience, a separate medical examination will not be requested.
- 5.22 Exemption from carrying guide, hearing and certain other assistance dogs which accompany disabled persons, can only be sought on medical grounds. Therefore, applicants will need to demonstrate the grounds for applying this exemption by providing medical evidence to the Licensing Authority.
- 5.23 An application for the exemption described in Para 5.18 above must be made prior to undertaking a medical examination.
- 5.24 If an application for exemption notice is successful, the Licensing Authority will issue to the driver a Notice of Exemption. This Exemption must be exhibited in the vehicle at all times, by fixing it in a prominent position on the vehicle dashboard.

5.25 Section 165 of the Equality Act 2010 places duties on a licensed driver if driving a designated wheelchair accessible Hackney or Private Hire vehicle. These duties may include conveying a passenger in their own wheelchair, transferring a passenger into a seat and transporting their wheelchair; and providing mobility assistance as required. Some drivers may have a medical condition or physical condition which makes it impossible or unreasonably difficult for them to provide the sort of physical assistance which these duties require.

An application for exemption from the duties required under Section 165 will require medical evidence from an applicant's own GP and will require an exemption notice to be exhibited in the vehicle at all times, by fixing it in a prominent position on the vehicle dashboard. Should the passenger be visually impaired the driver must provide suitable contact details for the passenger to be able to independently verify this information.

North Somerset Council publishes a list of wheelchair accessible vehicles, their drivers and Operator if known, and licensed Taxi and Private Hire drivers should expect their details to be published (including confirmation of any exemptions) accordingly.

5.26 Any applicant for the grant of licence that is unable to satisfy the Licensing Authority that they meet the required medical standard will not have a licence granted to them.

Any licence holder failing to provide a medical report within one month of a request made by the Licensing Authority will have their licence suspended until such time the Authority can be satisfied of their medical fitness.

Disclosure & Barring Service (DBS)

5.27 The Disclosure and Barring Service (DBS) provides access to criminal record information through its disclosure service for England and Wales. The DBS also maintains the lists of individuals barred from working in regulated activity with children or adults.

The DBS makes independent barring decisions about people who have harmed, or where they are considered to pose a risk of harm to a child or vulnerable person within the workplace. This enables organisations in the public, private and voluntary sectors to make safer employment decisions by identifying candidates who may be unsuitable for certain work, especially that which involves vulnerable groups including children.

5.28 Enhanced certificates with a check of the barred lists include details of spent and unspent convictions recorded on the Police National Computer (PNC), any additional information which a chief officer of police believes to be relevant and ought to be disclosed, as well as indicating whether the individual is barred from working in regulated activity with children or adults.

Spent convictions and cautions are disclosed on standard and enhanced certificates according to rules set out in legislation. Convictions which resulted in a custodial sentence, and convictions or cautions for a specified serious offence such as those involving child sexual abuse will always be disclosed on

a standard or enhanced certificate.

As well as convictions and cautions, an enhanced certificate may include additional information which a chief police officer reasonably believes is relevant and ought to be disclosed. Chief police officers must have regard to the statutory guidance issued by the Home Office when considering disclosure.

5.29 Applicants will be required to produce at their own expense a current Enhanced Disclosure Barring Service (DBS) check when submitting a first time driver licence application. The Licensing Authority will only accept enhanced DBS disclosure certificates, that are applied for through North Somerset Council and dated within four weeks of the application. Previous DBS Disclosures will not be accepted by the Licensing Authority.

5.30 Subscription to the DBS Update Service allows those with standard and enhanced certificates to keep these up to date online and, with the individual's consent, allows nominees to check the status of a certificate online at any time. Subscription to the service removes the need for new certificates to be requested, reduces the administrative burden and mitigates potential delays in relicensing.

5.31 Driver applicants will be required to subscribe to the DBS update service at first licensing or for existing licence holders at the next re-check date.

5.32 All Hackney Carriage or Private Hire vehicle driver's licence holders will be required to provide a DBS Enhanced Disclosure every 6 months. This will be carried out by North Somerset Council via the DBS update service.

Should the DBS advise that new information is available the original DBS certificate should no longer be relied upon and a new DBS certificate will be requested.

5.33 Since March 2002, Hackney Carriage and Private Hire drivers have been listed as Regulated Occupations in the Rehabilitation Act 1974. The effect of this in relation to Hackney Carriage and Private Hire drivers is to render the Rehabilitation of Offenders Act 1974 inapplicable. Therefore, any caution and/or conviction, regardless of their age, will be taken into consideration by the Licensing Authority when assessing the suitability of a new or renewal application.

5.34 The DBS cannot access criminal records held overseas, only foreign convictions that are held on the Police National Computer may, subject to the disclosure rules, be disclosed.

Therefore, a DBS check may not provide a complete picture of an individual's criminal record where there have been periods living or working overseas; the same applies when an applicant has previously spent an extended period (three or more continuous months) outside the UK.

It should however be noted that some countries will not provide an 'Certificate of Good Character' unless the individual has been resident for six months or more .

5.35 This Authority will require applicants to provide where possible criminal records information or a 'Certificate of Good Character' from overseas in this circumstance to properly assess risk and support the decision-making process

For information on applying for overseas criminal record information or 'Certificates of Good Character' please visit:

<https://www.gov.uk/government/publications/criminal-records-checks-for-overseas-applicants>

Common Law Police Disclosure

5.36 The DBS is not the only source of information that should be considered as part of a fit and proper assessment for the licensing of taxi and private hire vehicle drivers. Common Law Police Disclosure ensures that where there is a public protection risk, the police will pass information to the employer or regulatory body to allow them to act swiftly to mitigate any danger.

5.37 Common Law Police Disclosure replaced the Notifiable Occupations Scheme (NOS) in March 2015 and focuses on providing timely and relevant information which might indicate a public protection risk. Information is passed on at arrest or charge, rather than on conviction which may be some time after, allowing any measures to mitigate risk to be put in place immediately.

5.38 This procedure provides robust safeguarding arrangements while ensuring only relevant information is passed on to employers or regulatory bodies. The Licensing authority maintains close links with the police to ensure effective and efficient information sharing procedures and protocols are in place and are being used.

Licensee self-reporting

5.39 Licence holders are required to notify North Somerset Council within 48 hours of an arrest and release, charge or conviction of any sexual offence, any offence involving dishonesty or violence and any motoring offence. An arrest for any of the offences within this scope will result in a review by the issuing authority as to whether the licence holder is fit to continue to do so.

5.40 This will not however be seen as a direction that a licence should be withdrawn; it is for the licensing authority to consider what, if any, action in terms of the licence should be taken based on the balance of probabilities.

5.41 A failure by a licence holder to disclose an arrest that the issuing authority is subsequently advised of might be seen as behaviour that questions honesty and therefore the suitability of the licence holder regardless of the outcome of the initial allegation.

5.42 The Licensing Authority may, where it considers it necessary, undertake a further DBS check via the update service.

Referrals to the Disclosure and Barring Service and the Police

5.43 In some circumstances it may be appropriate under the Safeguarding Vulnerable Groups Act 2006 for the licensing authority to make referrals to the DBS.

A decision to refuse or revoke a licence as the individual is thought to present a risk of harm to a child or vulnerable adult, will be referred to the DBS.

5.44 These referrals may result in the person being added to a barred list and enable other licensing authorities to consider this should further applications to other authorities be made.

Relevance of Convictions, Cautions, Fixed Penalties and other relevant information

5.45 The Licensing Authority when considering convictions and cautions recorded against an applicant or an existing licensed driver will have regard to the “Criminal Convictions Policy” set out in **Appendix L**.

5.46 In assessing whether an applicant or licensed driver is a “fit and proper” person to hold a licence, the Licensing Authority will consider each case on its own merit.

5.47 Upon receipt of the enhanced DBS check, the Licensing Authority will assess whether any or all of the convictions and/or cautions can have real relevance to the issue of if the applicant or licensed driver is a fit and proper person to hold a licence. The Licensing Authority will also take into account any fixed penalty notices and other information, but only in so far as they are relevant to an application for a licence or impact on the continuance of an existing driver licence. In certain cases, the matter may be referred to the Council’s Licensing Committee for determination.

5.48 The Licensing Authority will have regard to fixed penalties when considering if an applicant is a fit and proper person. Failure to inform the Licensing Authority of any fixed penalty notices obtained during the application or licence period may result in possible rejection of the application or suspension or revocation of the licence.

5.49 In relation to cautions, the Licensing Authority will have regard to the nature of the infraction when considering their relevance to an application or continuance of an existing driver licence.

5.50 In relation to previous convictions, the Licensing Authority will have regard to the following:

- The nature of the offence/s;
- The age of the offence/s;
- The apparent seriousness, as gauged by the penalty applied.

5.51 In general terms, the more recent, serious and relevant the offence is, the less likely that an application will be granted or that an existing licence will be permitted to remain in effect.

5.52 The presence of past or acquired criminal convictions by a person will not automatically prevent a person holding a licence and will be assessed against the Licensing Authority’s Criminal Convictions Policy shown at **Appendix L**.

Driving licence (DVLA) checks

5.53 The Licensing Authority will, where considered necessary, check the DVLA database to establish a driver’s complete driving history.

- 5.54 Where this course of action is deemed necessary, the Licensing Authority will request that the driver either completes a consent form, or provides a DVLA generated code in order that the check can be carried out. The cost of any check is borne by the applicant/licensed driver.
- 5.55 Should the necessary consent, as required in Para 5.61 above not be given by the applicant/licensed driver, this will result in the application being refused or the existing drivers licence being immediately suspended or revoked.
- 5.56 Hackney Carriage drivers are required to comply with the requirements of the Hackney Carriage Byelaws as shown at **Appendix G**.

Right to work checks

- 5.57 Since the introduction of the Immigration Act 2016, all applicants for a Hackney Carriage or Private Hire driver's licence or renewal will need to demonstrate that they have the right to work in the UK before they can be issued with a licence. Further information can be found at **Appendix Q**

Smoking

- 5.58 Smoking has been prohibited in all Hackney Carriage and Private Hire vehicles since 1st July 2007. A driver found smoking or permitting smoking to take place in a licensed vehicle, will be subject to enforcement action by North Somerset Council. This will be by way of fixed penalty notice (Health Act 2006). On the third such notice issue the Licensing Authority will consider the suspension or revocation of the Hackney or Private Hire Driver licence.

In line with the North Somerset Council Smoke-free Policy, 'smoking' means the use of all tobacco products e.g. cigarettes, pipes, cigars, (with the exception of those products that have been designated as nicotine replacement therapy by the Medicines and Healthcare Products Regulatory Agency.)

Alternative smoking devices, such as electronic cigarettes, Vapour devices and any other form of such inhalation device (with or without nicotine) will also be treated as smoking tobacco for the purposes of this policy.

Mobile phones and other handheld devices

- 5.59 The use of any handheld devices whilst driving is prohibited. Licence holders who are found to do so may have their licence suspended or revoked.

National Register of Taxi Licence Refusals and Revocations (NR3)

- 5.60 The licensing authority provides information to the National Register of Taxi Licence Refusals and Revocations (NR3), a mechanism for licensing authorities to share details of individuals who have had a hackney carriage or Private Hire Vehicle (PHV) licence revoked, or an application for one refused. This is necessary for the performance of a task carried out in the public interest or in the exercise of official authority vested in the licensing authority – that is, assessing whether an individual is a fit and proper person to hold a hackney carriage or PHV licence.

Therefore:

- Where a hackney carriage/ PHV licence is revoked, or an application for one refused, the authority will automatically record this decision on NR3.
- All applications for a new licence or licence renewal will automatically be checked on NR3. If a search of NR3 indicates a match with an applicant, the authority will seek further information about the entry on the register from the authority which recorded it. Any information received as a result of an NR3 search will only be used in respect of the specific license application and will not be retained beyond the determination of that application.

The information recorded on NR3 itself will be limited to:

- name
- date of birth
- address and contact details
- national insurance number
- driving licence number
- decision taken
- date of decision
- date decision effective

Information will be retained on NR3 for a period of 25 years.

This is a mandatory part of applying for or renewing, a hackney carriage PHV driver licence. The authority may take to requests by other authorities for further information about entries on NR3, and will inform an applicant about the use it will make of any further information provided to it.

Information will be processed in accordance with the Data Protection Act (DPA) and General Data Protection Regulation (GDPR). Any searches, provision or receipt of information of or under NR3 are necessary to the authority's statutory licensing functions of ensuring that all drivers are fit and proper to hold the applicable licence. It is not intended that any NR3 data will be transferred out of the United Kingdom.

If you wish to raise any issue related to the data protection legislation, including by relying on any of the rights afforded to data subjects under the GDPR, you can do so to the authority's Data Protection Officer. This includes submitting a subject access request.

You always have the right to make a complaint to the Information Commissioner's Office (ICO). Advice on how to raise a concern about handling of data can be found on the ICO's website: <https://ico.org.uk/make-a-complaint/>

6. Private Hire Operators Licences

Requirements and Obligations

- 6.1 Any person who operates a Private Hire service utilising one or more Private Hire vehicles must apply to the Council for a Private Hire Operator's Licence.

- 6.2 The primary objective in licensing Private Hire operators is the safety of the public, both in the vehicles and at the operator's premises.
- 6.3 This Licensing authority will require applicants to undertake a basic disclosure from the DBS and ensure that a check is undertaken annually. Any individual may apply for a basic check and the certificate will disclose any unspent convictions recorded on the Police National Computer (PNC).

Consideration will be given to whether an applicant or licence holder with a conviction for offences provided in **Appendix L** to this document, other than those relating to driving, meet the 'fit and proper' threshold.

If an individual holds a valid Taxi or Private Hire licence with North Somerset Council and the DBS biannual checks are up to date and acceptable then no additional check will need to be provided should they apply for an additional Operator licence.

If an application is made in a Company name then the DBS checks will be carried out for all named directors and partners of the Company. A Company holding an Operator's licence will be expected to advise the Licensing Authority of any changes in Director or partner.

- 6.4 A refusal to license an individual as a driver or to suspend or revoke a driver licence does not automatically mean that that individual cannot be issued or continue to hold an Operator's licence; these decisions will be made independent of a driver licence refusal and based on the appropriate information i.e. it should not consider information that would only be available via an enhanced DBS check but instead that which would be disclosed on a basic check.
- 6.5 Conditions will be applied to Private Hire Operator licences granted by North Somerset Council. The agreed standard conditions are shown at **Appendix N**.
- 6.6 A Private Hire vehicle may only be dispatched to a customer by a Private Hire operator who holds a Private Hire operator's licence. Such a licence permits the operator to make provision for the invitation or acceptance of bookings for a Private Hire vehicle.
- 6.7 A Private Hire operator must ensure that every Private Hire vehicle is driven by a person who holds a Private Hire driver's licence.
- 6.8 All three licences:
- Private Hire operator's licence;
 - Private Hire driver's licence; and
 - Private Hire vehicle licence;
- must be issued by the same Licensing Authority.
- 6.9 A Private Hire operation must be within the district of North Somerset in order to apply for a licence. If a premise falls outside of North Somerset administrative boundaries this Licensing Authority **do not** have the authorisation to grant an operator licence.
- 6.10 Where the need arises, Licensing Authorities may jointly authorise officers from other authorities so that compliance and enforcement action can be taken against licensees from outside their area. This enables the use of enforcement powers regardless of which authority within the agreement the

officer is employed by and which issued the licence. Such an agreement will enable those authorities to take action against those that are licensed by the other authority when they cross over boundaries. This will also mitigate the opportunities for drivers to evade regulation.

- 6.11 The Council will not grant a licence to an operator whose premises are located outside the district. This is to ensure that proper regulation and enforcement measures may be taken by the Council and is in no way intended to be a restraint of trade.

Booking and Dispatch Staff

- 6.12 It is noted that staff employed by an Operator to take bookings or as a vehicle dispatcher deciding which driver to send to a user, are in a position that could be exploited by those seeking to exploit children and vulnerable adults. It is therefore appropriate that all staff that have contact with private hire vehicle users and the dispatching of vehicles should not present an undue risk to the public or the safeguarding of children and vulnerable adults.

Licensing authorities should be satisfied that private hire vehicle operators can demonstrate that all staff that have contact with the public and/or oversee the dispatching of vehicles do not pose a risk to the public. The Licensing authority, as a condition of granting an operator licence, require a register of all staff that will take bookings or dispatch vehicles to be kept.

- 6.13 Operators will be required to evidence that they have had sight of a Basic DBS check on all individuals listed on their register of booking and dispatch staff and to ensure that Basic DBS checks are conducted on any individuals added to the register and that this is compatible with their policy on employing ex-offenders. DBS certificates provided by the individual should be recently issued when viewed, alternatively the operator could use a 'responsible organisation' to request the check on their behalf. When individuals start taking bookings and dispatching vehicles for an operator they should be required, as part of their employment contract, to advise the operator of any convictions while they are employed in this role.
- 6.14 The register should be a 'living document' that maintains records of all those in these roles for the same duration as booking records are required to be kept, this will enable cross-referencing between the two records. A record that the operator has had sight of a basic DBS check certificate (although the certificate itself should not be retained) should be retained for the duration that the individual remains on the register. Should an employee cease to be on the register and later re-entered, a new basic DBS certificate should be requested and sight of this recorded.
- 6.15 Operators may outsource booking and dispatch functions but they cannot pass on the obligation to protect children and vulnerable adults. Operators should be required to evidence that comparable protections are applied by the company to which they outsource these function6.16 Operators or applicants for a licence will be required to provide their policy on employing ex-offenders in roles that would be on the register as above. As with the threshold to obtaining a private hire vehicle operators' licence, those with a conviction for offences provided in the annex to this document (**Appendix L**), other than

those relating to driving, may not be suitable to decide who is sent to carry a child or vulnerable adult unaccompanied in a car.

Record Keeping

- 6.16 Section 56 of the Local Government (Miscellaneous Provisions) Act 1976 requires private hire vehicle operators to keep records of the particulars of every booking invited or accepted, whether it is from the passenger or at the request of another operator.
- 6.17 This Licensing Authority, as a minimum, requires private hire vehicle operators to record the following information for each booking:
- the name of the passenger;
 - the time of the request;
 - the pick-up point;
 - the destination;
 - the name of the driver;
 - the driver's licence number;
 - the vehicle registration number of the vehicle;
 - the name of any individual that responded to the booking request;
 - the name of any individual that dispatched the vehicle.
- 6.18 This information will enable the passenger to be traced if this becomes necessary and should improve driver security and facilitate enforcement. It is suggested that booking records should be retained for a minimum of six months.
- 6.19 Private hire vehicle operators have a duty under data protection legislation to protect the information they record. The Information Commissioner's Office provides comprehensive on-line guidance on registering as a data controller and how to meet their obligations

Gaming Machines

- 6.20 Operators that provide a waiting facility for members of the public and/or drivers should be aware that they cannot make gaming machines available for use. This action would be a criminal offence under the Gambling Act 2005.
- 6.21 It is the responsibility of the operator to ensure that appropriate planning consent exists for the operational address to be used for that purpose.
- 6.22 The Licensing Authority will decide whether the applicant is a 'fit and proper' person to hold an operator's licence.

Sub-contracting

- 6.23 Section 55A of the 1976 Act, inserted by the Deregulation Act 2015 permits Operators licensed by the Council to sub-contract a Private Hire booking to another operator licensed by the Council or to any other licensed Private Hire operator holding a Private Hire licence granted by another local Authority.
- 6.24 However, regardless of which operator fulfils a booking, the operator can only despatch a vehicle licensed by the same Council that licences the operator and driven by a driver licensed by that same Council.

- 6.25 For example, if an Operator licensed by Council X choses to sub-contract a booking to an operator licensed by Council B, that operator must despatch a vehicle with a driver licensed by Council B. Or in, reverse, if a Council B licensed Operator sub- contracts a booking to a Council X licensed operator, the vehicle despatched, and its driver, must both be licensed by Council X.
- 6.26 Operators that accept a booking remain legally responsible for that booking even if they sub-contract the booking to another Operator and should record the booking as normal and the fact that it was sub-contracted.
- 6.27 Customers who book through a licensed operator expect a vehicle to be provided that is directly controlled by that operator and not one that is licensed in another district. The Council aims to have the highest standards possible as appropriate for its district. Other local authorities have different standards appropriate for their district and the vehicles and standards of drivers may differ.
- 6.28 For this reason the Council does not believe that sub-contracting bookings should be common place amongst its licensed Operators. It may be appropriate for Operators to sub contract in order to provide a certain type of vehicle that is not on its fleet such as WAV (Wheelchair Assessible Vehicle).
- 6.29 The Council does not have the ability to take enforcement action against those licensed by other authorities but may, upon the investigation of a complaint, take action against an Operator where they have sub-contracted to another Operator and failed to exercise all due diligence to ensure that the person making the booking was transported in compliance with the standards imposed by the Council.

Cross Border Hiring

- 6.30 In relation to Private Hire vehicles, the 1976 Act permits members of the public to contact and book a Private Hire vehicle through any licensed Private Hire operator regardless of in which district they are licensed. Private Hire bookings are Private contracts between the Hirer and the operator and are not a matter for the Council to regulate. In this regard, the Act leaves the selection of an operator entirely to market forces and the freedom of choice to the customer.
- 6.31 The Licensing Authority intends for its Private Hire operators and their vehicles to aspire to the highest standards of service so that they are the operator of choice for its residents.
- 6.32 The Licensing Authority does however recognise that members of the public may be confused by the appearance of vehicles licensed by other authorities working in North Somerset. The Council therefore encourages its residents to understand the difference between Private Hire vehicles and Hackney Carriages and the requirement that Private Hire vehicles, regardless of which Authority licences them, must be booked in advance.

Insurance

- 6.33 It is considered appropriate for a Private Hire operator; and the Licensing Authority may check, that appropriate public liability insurance has been taken out for premises that are open to the public.

Public Safeguarding and Exploitation

- 6.34 All Operators will be required to attend a training session on safeguarding children and vulnerable persons. The training session will cover the conduct and responsibilities of those licensed. It will provide guidance in identifying when vulnerable people need protection and how to ensure they are taken to a place of safety. It also details the need to report immediately any such incident or occurrence to the police and/or social services, and provides the necessary contacts and procedures to be followed.

The training provider must be approved by the Licensing Authority and may be an internal or external provider.

- 6.35 New applicants will be required to attend safeguarding training prior to applying. Operators who are renewing a licence and who have not yet undertaken any training, will be expected to have met this requirement by the time their licence is next due for renewal. Failure to do so will result in the drivers licence being suspended till such time they undertaken the training.

- 6.36 Child Sexual Exploitation (CSE) is a form of child abuse. It can involve sexual abuse, physical abuse and emotional abuse of children by adults. Licensed Operators provide a public service and have a duty of care to all passengers. They also have a moral and social responsibility to report concerns about someone who is vulnerable.

Should an Operator have any concern about the vulnerability of a child or public safeguarding they must report this immediately or pass on information or intelligence to either the Police or Licensing Authority.

Should a licence holder fail to report a concern then they will be investigated and may have their licence revoked or suspended.

Use of passenger carrying vehicles (PCV) licensed drivers

- 6.37 PCV licensed drivers are subject to different checks from taxi and private hire vehicle licensed drivers as the work normally undertaken, i.e. driving a bus, does not present the same risk to passengers. Members of the public are entitled to expect when making a booking with a private hire vehicle operator that they will receive a private hire vehicle licensed vehicle and driver.

The use of a driver who holds a PCV licence and the use of a public service vehicle (PSV) such as a minibus to undertake a private hire vehicle booking should not be permitted as a condition of the private hire vehicle operator's licence without the informed consent of the booker.

Where a private hire vehicle is unsuitable, for example where a larger vehicle is needed because more than eight passenger seats required or to accommodate luggage, the booker should be informed that a PSV is necessary, and that a PCV licenced driver will be used who is subject to different checks and not required to have an enhanced DBS check

7. Enforcement Policies

Criminal Records Disclosures

- 7.1 The Council is an approved Disclosure Barring Service (DBS) Umbrella Body and applicants can obtain criminal record disclosures from the DBS through the Council. Applicants will be charged an appropriate fee determined by the Disclosure Barring Service.
- 7.2 The Council is bound by rules of confidentiality, and will not divulge information obtained to any third parties. The applicant for a DBS disclosure will be sent a disclosure report to their home address, the onus is on the licence applicant to show this to the Council prior to the issue or continuation of a licence.
- 7.3 The Council will operate policies and procedures in accordance with guidance and codes of practice issued by The Disclosure Barring Service. The Council's Policy statement on secure storage, handling, use, retention and disposal of disclosures and disclosure information is shown at **Appendix O**.

Enforcement Measures

- 7.4 The Licensing Authority recognises that well-directed enforcement activity not only benefits the public but also responsible members of the Hackney Carriage and Private Hire trades.
- 7.5 The Licensing Authority will take enforcement action where it considers it necessary and proportionate to do so. In doing so, it will have regard to the Licensing objectives stated within this Policy. Enforcement will be risk-based, intelligence-led and targeted and managed in line with the Licensing Authority's Enforcement Policy.
- 7.6 A record of any enforcement and/or disciplinary action taken by the Licensing Authority or Local Authority, whether formal or informal, will be recorded on the licence holder's file. Such evidence of this, may be brought to the attention of the Licensing Committee, Sub-Committee or the Court, if further action is deemed necessary.
- 7.7 The Council will though; to discharge its role as the Licensing Authority, carry out routine and unannounced inspections of individuals, vehicles and businesses to ensure compliance with the relevant legislation.
- 7.8 The Licensing Authority may take any of the steps below upon receipt of evidence that an offence has been committed in relation to legislation or byelaws enforced by the Council:
- Informal verbal or written advice
 - Suspension of the Licence;
 - Service of Notice;
 - Revocation of the Licence;
 - Refusal to Renew;
 - Issue of a Formal Caution
 - Prosecution of an individual or company
 -
- 7.9 Minor or first-time transgressions are likely to attract either an oral or written warning.
- 7.10 Where public safety is deemed to be in imminent danger the further use of a

licensed vehicle will be suspended by notice until the defects have been remedied. The suspension notice will not be lifted until the vehicle has undergone a further inspection and passed fit for use as a Hackney Carriage or Private Hire vehicle.

- 7.11 The Licensing Authority may exercise its discretion to suspend the operation of a driver's licence for a specified period. This may include occasions where the licence holder not providing the necessary DBS/Medical checks required or following a review of the licence by a licensing committee.
- 7.12 Any allegations or serious complaints made against a licensed Hackney or Private Hire driver will be referred to the Designated Officer for Allegations (DOFA) for North Somerset Council. The driver can expect to have their licence revoked for the duration of any investigation and through to any formal outcome. There will be a reduced application process where the allegation is not upheld.
- 7.13 A licence holder will be referred to the appropriate Licensing Committee when either he/she has been found to be in breach of a licence issued, or convicted of a serious criminal offence. The Committee will consider the evidence and may either take no action, issue a warning or suspend or revoke a licence.
- 7.14 As an alternative to revocation, the Licensing Authority may decide that the appropriate action, in a situation where the licence is shortly to expire, not to renew the licence.
- 7.15 As an alternative to instigating a prosecution the Council will consider the issuing of a formal caution where:
- There is sufficient evidence to justify a prosecution;
 - The licence holder admits his/her guilt;
 - The licence holder agrees to be cautioned
- 7.16 The Licensing Authority will consider prosecuting licence holders for relevant offences in the following circumstances:
- Where the allegation is of a serious or repeated offence, or
 - Where the Licensing Authority proposes to issue a formal caution to the licence holder, but the offence is not admitted, or the caution accepted

8. General Arrangements

Licensing Committee and Hearings

- 8.1 The Licensing Committee of North Somerset Council has responsibility for the Hackney Carriage and Private Hire Licensing regime in the district, along with the formulation and review of Policy.
- 8.2 The Committee has delegated its functions in the following way:
- A Licensing sub-committee shall deal with applications and disciplinary matters referred to it by Licensing Officers.
 - Licensing Officers have delegated powers to grant or refuse licences; to suspend or revoke licences in situations requiring immediate action; to

issue oral and written warnings, notices, formal cautions; to instigate prosecutions where appropriate.

- 8.3 Licensing Hearings in relation to applicants and licensees will be carried out to an agreed procedure that allows an individual the ability to present his/her case to the Committee, be represented and ask questions. In certain circumstances the Committee will hold Licensing hearings without the public being present, where it is legally allowed to do so, for cases where personal matters are to be considered.
- 8.4 All individuals that determine whether a licence is issued will be required to undertake sufficient training. As a minimum, training for a member of a licensing committee will include: licensing procedures, natural justice, understanding the risks of CSAE, disability and equality awareness and the making of difficult and potentially controversial decisions.

All training will be formally recorded by the licensing authority and will require a signature from the person that has received the training.

Licence Applications

- 8.5 An application for a vehicle, driver or operator's licence will be made on the specified application form issued by the Licensing Authority.
- 8.6 Applications will not be processed unless all the required documentation is produced and the licence fees have been paid.
- 8.7 It is the responsibility of the individual licensee to renew an existing licence and the absence of a reminder letter will not discharge the licensee of his/her individual responsibility as set out in paragraph 8.7 below.
- 8.8 Application forms, appropriate fees, and supporting documentation should be submitted in sufficient time to allow processing of the application. It is recommended that applications are made at least at least 28 days prior to the expiry of the previous licence.
- 8.9 A licence that is not renewed by its expiry date will be deemed to have not been renewed and a fresh application for a new licence will be required, unless exceptional circumstances can be demonstrated to the Licensing Authority.
- 8.10 Applications will not normally be entertained from persons who have had any licence revoked either by North Somerset Council or another Local Authority previously. The NR3 register will be consulted for revocations in other Local Authority areas (see 5.60).

Table of Tariffs and Licence Fees

- 8.11 The Licensing Authority will review the prescribed Hackney Carriage fares each year between January and March and any change shall be implemented on 1st April following. The Licensing Authority shall also consider any requests in the interim for fare increases which dictate that a variation would be appropriate.
- 8.12 The Licensing Authority will annually review its licence fees and charges and implement any changes on the 1st April each year.

Taxi Ranks

8.13 North Somerset Council has established a number of public taxi ranks in the district and these are shown at **Appendix P**.

8.14 Where a genuine demand can be demonstrated for the establishment of additional public taxi ranks the Council will consider establishing new ranks subject to them being approved by the local Highway Authority.

Service Standards

8.15 The Council has published standards for the delivery of services and wherever possible these will be maintained in relation to the processing licence applications, dealing with service requests and complaints made to the Licensing Team.

Complaints

8.16 The Council will investigate complaints against licensed or unlicensed vehicles, persons or businesses and take action proportionate to the matter being investigated. Complainants shall though be encouraged in the first instance to raise their concerns directly with the licensee to seek a local resolution.

8.17 If a person making a complaint is not satisfied with the investigation of a complaint, the North Somerset Council's formal complaint procedure will be followed.

8.18 Complaints about drivers and operators provide a source of intelligence when considering the renewal of a licence or to identify problems during the period of the licence. Patterns of behaviour such as complaints against drivers, even when they do not result in further action in response to an individual complaint, may be indicative of characteristics that raise doubts over the suitability to hold a licence.

The Licensing authority will record complaints, and will analyse trends across all licensees as well as complaints against individual licensees.

8.19 Licensees with a high number of complaints made against them will be contacted by the licensing authority and concerns raised with the driver and operator (if appropriate). Further action in terms of the licence holder will be determined by the licensing authority, which could include no further action, the offer of training, a formal review of the licence, or formal enforcement action.

8.20 To ensure that passengers know who to complain to, guidance will be provided for passengers on making complaints directly to the licensing authority which will be available on the website. Ways to make complaint to the authority will be displayed in all licensed vehicles.

Drivers will be made aware of the requirement to display information on how to complain and appropriate sanctions will be brought against those that do not comply with this requirement.

Appeals

8.21 Any notifications of enforcement actions will include information on how to appeal, where that right of appeal exists. This will include where and within what period an appeal may be brought.

9. Accessibility

- 9.1 Drivers are under a duty to transport a disabled person's guide, hearing or other prescribed assistance dog and allow it to stay with the passenger without additional charge. Drivers who have a medical condition that is aggravated by exposure to dogs may apply to the Licensing Authority for an exemption from the duty on medical grounds. The exemption certificate must be clearly displayed within the vehicle. Any other driver who fails to comply with this duty is guilty of an offence and liable to prosecution. If a driver is refused an exemption from the requirements to carry an assistance dog they have the right of appeal to the Magistrates Court within 28 days of being refused.
- 9.2 The Disability Discrimination (Transport Vehicles) Regulations 2005 came into force on 4th December 2006. The result of these regulations is to lift the previous exemption for transport vehicles. The effect of the regulations is to prevent any discrimination against providing transport services to disabled people.
- 9.3 The Council will encourage the Licensing of vehicles for the Carriage of disabled persons and has included within the vehicle specification at **Appendix A** guidelines for suitably adapted and accessible vehicles.
- 9.4 The Council will also work with local groups and forums to promote accessibility issues in relation to licensed vehicles.
- 9.5 The Council will encourage the improvement of driver's awareness of the needs of disabled people, encourage them to overcome any reluctance or bad practice, and to improve their abilities and confidence. The Licensing Authority will encourage drivers to undertake mobility training.
- 9.6 The Licensing Authority will maintain a list of designated wheelchair accessible taxis and Private Hire vehicles operating in its area.
- 9.7 The Licensing Authority will ensure that the designated wheelchair accessible vehicle list is made easily available to passengers, and that vehicle owners and drivers are made aware.
Lists will set out the make and model of the vehicle, together with specifying whether the vehicle is a Hackney Carriage or Private Hire vehicle. Where possible the Operator of a Private Hire vehicle will also be specified for ease of contact.
- 9.8 Drivers of designated wheelchair accessible vehicles will be provided with clear guidance on their duties with respect to the Carriage of passengers both with and in wheelchairs.
- 9.9 An exemption from carrying out duties to assist passengers in wheelchairs may be granted to drivers if the Licensing Authority is satisfied that it is appropriate to do so on medical or physical grounds.
- 9.10 If a driver is granted exemption then an exemption certificate will be issued and must be displayed by the driver in a prominent position within the vehicle to ensure that passengers in wheelchairs are able to clearly discern if a driver has been exempted from the duties to provide assistance. Should the passenger be visually impaired the driver must provide suitable contact details for the passenger to be able to independently verify this information.

9.11 Drivers who discriminate against disabled passengers will be held personally accountable. If a driver receives a conviction for breaching their duties the Licensing Authority will review if they remain a fit and proper person to hold a drivers licence. The Council will investigate cases of alleged discrimination and take appropriate action, even where prosecution did not proceed. If a driver is employed by a company then under the Equality Act 2010 the company will be responsible for employee's actions.

Exemption from requirement to display Vehicle Identification.

1. The aim is to ensure public safety whilst taking a balanced approach to licensing requirements. The objective is the provision of an exemption to allow 'executive vehicles' to operate without displaying external identification plates.

2. Introduction

2.1 The displaying of the external identification plate on a licensed vehicle and a driver's badge is important in terms of public safety and reassurance. They indicate to the travelling public that prior to being licensed both the vehicle and the driver have been subjected to checks to ensure their (the public's) safety. The visible licence number of the vehicle and driver affords members of the public and other persons such as the Police traceability via the local Licensing Authority.

2.2 The Local Government (Miscellaneous Provisions) Act 1976 requires that Private Hire vehicles display an identification plate and drivers of those vehicles wear a driver's badge. The same legislation also allows North Somerset Council to exempt vehicles from the need to display an identification plate and, where that exemption applies, the requirement to wear a Private Hire Driver badge.

3. Details

3.1 Exemptions from displaying identification plates may be in respect of individual vehicles only and based upon evidence based need. Applications for exemptions relating to a fleet of vehicles will not be allowed.

3.2 Each application will be assessed on its own merit.

3.3 Applications for exemption from the requirement to display identification plates may be considered where the following requirements are met;

a) Vehicles must be of a standard of comfort and equipped to a level higher than that of a 'standard' Private Hire Vehicle. It is not intended to form a prescriptive list of acceptable vehicles because this may be subjective and require frequent update.

Relevant considerations as to whether a vehicle meets this standard include but are not limited to cost, reputation, specification, appearance, perception, superior comfort levels and seating specification i.e. whether the vehicle offers additional space per passenger opposed to standard vehicles.

b) The vehicle will be in pristine condition with no visible defects, dents or blemishes to the external bodywork or internal trim and seating. Interior seating will usually be leather and the cabin air conditioned to maintain passenger comfort.

c) The type of work undertaken is 'executive' in nature. There must be a demonstrable need for an exemption to apply rather than a one-off contract. The type of work that may be considered 'executive' may include:

- Corporate bookings to transport employees and clients on business related journeys
- Other journeys where the client specifically requires a vehicle without any Private Hire plates or signage on it at the time of booking
- Bookings for clients (for example politicians and celebrities) who for security or personal safety reasons would not want the vehicle to be identifiable as a Private Hire vehicle.
- The percentage of 'executive' work undertaken by the vehicle must constitute at least 75% of the total work carried out by the vehicle.
- An application to renew an exemption from the display of identity plates must be accompanied by a copy (preferable electronic) of the relevant Private Hire Operator records to evidence the nature of the work carried out over the previous licence period.
- Operator records must also detail evidence of contracts with clients which require vehicles supplied to be exempt from the display of identity plates.
- A dress code commensurate with executive work is required. Applicants to provide details of the dress code (suit/jacket or equivalent) which the operator(s) for whom they work require them to adhere to. Dress code must be followed at all times the vehicle is being used to undertake a booking relating to executive work.

3.4 Where a proprietor wishes to make an application for a vehicle to be exempt from displaying identification plates they will be required to complete the appropriate application form. The application form will be accompanied by documentation that supports the application and the appropriate fee shown in the published tariff.

3.5 A notice of exemption from displaying identification plates will be granted at the Council's discretion. The applicant must provide sufficient documentary evidence to support their application. Such evidence may include:

- a) A letter from each customer indicating:
 - i) Why they require a vehicle which does not display an identity plate,
 - ii) Whether they require privacy glass, and why privacy glass is required.
 - iii) The type of vehicle they require.
- b) A letter from the Private Hire Operator for who work is undertaken stating the vehicle registration number of the vehicle to which this application relates and detailing the work that will be carried out and the percentage of the work to be carried out.
- c) Copies of written contracts with customers.
- d) Copies of invoices

- 3.6 The Council may require applicants to provide any additional documentation as reasonably necessary to allow the Council to make an informed decision. Where such documentation is not provided to the satisfaction of the Council the application will be refused.
- 3.7 Where an application is granted and a vehicle is exempted from displaying its external identification plate an exemption notice will issued as soon as practical after the decision is made.
- 3.8 Where a vehicle is exempted from the requirement to display an external identification plate the vehicle will NOT be exempted from the need to display the internal plate.
- 3.9 Irrespective of when an exemption notice is granted the initial exemption notice will expire on the same day as the expiration of the vehicles current Private Hire licence, unless it is otherwise surrendered or revoked. Thereafter any renewed exemption notice will last for a period that is the same as that vehicle's Private Hire licence unless either the licence or notice is otherwise surrendered or revoked.
- 3.10 Exemption notices may be renewed annually. An application to renew the exemption must be accompany the vehicle renewal application form.
- 3.11 The Authority to determine any application for an exemption notice is by virtue of this Policy delegated to the Licensing Manager.
- 3.12 Other than where to do so would conflict with the requirements of this Policy, all vehicles granted an exemption notice must, in addition to the requirements of this Policy, comply with the requirements for Private Hire vehicles contained within the Private Hire Vehicle licence conditions.
- 3.13 The below conditions apply to all Private Hire Vehicles granted an exemption from displaying identification plates and are in addition to the criteria and general conditions applicable to all Private Hire Vehicles;
- a) The valid Private Hire Vehicle plates issued to the licence holder shall be kept within the vehicle at all times and shall be produced for inspection by an authorised officer of North Somerset Council or a Police Officer upon request.
 - b) The exemption notice shall be retained within the vehicle at all times and shall be produced for inspection by an authorised officer of North Somerset Council or a Police Officer upon request.
 - c) In the event of loss or damage rendering such plate or notice unserviceable the proprietor shall make immediate application for a replacement for which a fee is payable.
 - d) The proprietor will not display in, on or from the vehicle any advertisement, signage, logos or insignia advertising the operating company or the vehicle's status as a Private Hire vehicle.
 - e) During the period of the exemption notice, the driver shall not be required to wear a Private Hire Driver's identification badge but will have it available for immediate inspection by an authorised officer of North Somerset Council or any Police Officer on request.
 - g) Failure to comply with the above terms will invalidate the exemption granted with immediate effect.

- h) These terms shall remain valid for the term of the notification unless replaced by a different scheme or system of identification.
- i) The exemption will cease to have effect on selling or transferring the vehicle to another party. The exemption notice must be returned to the Council along with the Private Hire vehicle identification plates unless being sold to for use as a Private Hire Vehicle in North Somerset; in which case, only the exemption notice must be returned.
- j) A taximeter will not be installed in the vehicle.
- k) During the period of exemption, the driver is required to comply with the dress code previously supplied to the Council.
- l) The proprietor shall notify the Council of any change in the use of the vehicle by the end of the following working day.

3.14 The below conditions apply to all Private Hire Operators who operate vehicles to which an exemption from display of plates has been granted. These conditions are in addition to the general conditions applicable to all Private Hire Operators;

- a) Bookings taken in respect of clients who require vehicles exempt from the display of plates must be paid for on account. No payment can be made to the driver of the vehicle at time of hiring.
 - b) Bookings in respect of clients who on occasion require vehicles exempt from the display of plates must be subdivided into those which;
 - i) Require vehicle to be exempt from display of plates
 - ii) Do not require vehicles exempt from the display of plates
- Copies of records detailing the division of work to be kept for 12 months from period of Hire and must be provided to the Council on request.
- c) Copies of contracts with clients who require vehicles exempt from the display of plates must be kept for 12 months from date of commencement and provided to the Council on request.
 - d) Dress code commensurate with executive work (suit/jacket or equivalent) to be in place in relation to bookings taken for vehicles exempt from the display of plates. Drivers of such vehicles to be required by the operator to comply with the dress code during the Hire period.

CRIMINAL CONVICTIONS POLICY

General Principles

1. Legislation specifically identifies offences involving dishonesty, indecency or violence as a concern when assessing whether an individual is 'fit and proper' to hold a taxi or private hire vehicle licence.

The Licensing Authority will consider each case on its own merits, and applicants/licensees are entitled to a fair and impartial consideration of their application.

Where a period is given below, it should be taken to be a minimum in considering whether a licence should be granted or renewed in most cases. This places passenger safety as the priority while enabling past offenders to sufficiently evidence that they have been successfully rehabilitated so that they might obtain or retain a licence.

2. In relation to cautions, the Licensing Authority shall have regard to the type and age of the offence and the age of the applicant when the offence occurred, when considering their relevance to an application. Cautions given more than 5 years before the date of application shall be treated as irrelevant.
3. In relation to previous convictions, the Licensing Authority shall have regard to the following:
 1. Whether the convictions are spent or unspent;
 2. The type and relevancy of the offences;
 3. The age of the offences;
 4. The apparent seriousness, as gauged by the penalty.
4. The Licensing Manager or Group Service Manager may deal directly with less serious first offences without referring the matter to the relevant Licensing sub-committee. They may choose to take no action or may issue warnings as to future conduct in accordance with this Policy.
5. Applicants and current licensees shall be referred to the Licensing Sub-Committee where one or more of the following apply:
 1. Any term of imprisonment or custody;
 2. Any conviction for a sexual offence;
 3. Any conviction for violence or dishonesty which is of a serious nature;
 4. Any serious motoring offence, such as dangerous driving, driving whilst disqualified, or more than one conviction for drink driving;
6. Each case shall be decided on its own merits.
7. A person with a current conviction for serious crime need not be permanently barred from obtaining a licence but should be expected to remain free of conviction for a period of time according to the circumstances before an application is entertained. Some discretion may be appropriate if the offence is isolated and there are mitigating circumstances. However, the overriding consideration should be the protection of the public.

8. The following examples afford a general guide on the action to be taken where convictions are admitted.

Traffic offences

9. Hackney carriage and private hire drivers are professional drivers charged with the responsibility of carrying the public. It is accepted that offences can be committed unintentionally, and a single occurrence of a minor traffic offence would not prohibit the granting of a licence. However, applicants with multiple motoring convictions may indicate that an applicant does not exhibit the behaviours of a safe road user and one that is suitable to drive professionally.

Minor motoring offences

10. Convictions for minor offences e.g. obstruction, waiting in a restricted street, speeding etc., should not prevent a person from proceeding with an application.

If sufficient points have been accrued to require a period of disqualification of the applicants DVLA driving licence then a Hackney Carriage/Private Hire drivers licence will not be granted until five years have elapsed since the restoration of the DVLA driving licence. Offences in the five years since restoration will then be taken into consideration.

Holders of council issued drivers licences convicted during the period of licence of such offences may be warned as to future conduct, and any disqualification from driving will lead to an automatic revocation of any Hackney Carriage/ Private Hire drivers licence issued by the council.

No applications will be entertained from anyone who has previously had a licence revoked by North Somerset Council or any other Local Authority.

Major motoring offences

11. An isolated conviction for reckless driving or driving without due care and attention etc. may not prevent someone from applying to hold a driver licence with the Authority, provided more than five years have elapsed since the offence.

More than one conviction for this type of offence within the last 5 years should merit refusal and no further application should be considered until a period of 5 years free from conviction has elapsed.

Similarly, any conviction during the period of a council issued licence will lead to a formal review of the licence and repeated offences shall merit consideration of the revocation of that licence.

No applications will be entertained from anyone who has previously had a licence revoked by North Somerset Council or any other Local Authority.

Using a hand-held device whilst driving

12. Where an applicant has a conviction for using a held-hand mobile telephone or a hand-held device whilst driving, a licence will not be granted until at least five years have elapsed since the conviction or completion of any sentence or driving ban imposed, whichever is the later.

Drink driving/driving under the influence of drugs

With a motor vehicle

13. Where an applicant has a conviction for drink driving or driving under the influence of drugs, a licence will not be granted until at least seven years have elapsed since the completion of any sentence or driving ban imposed.

In the case of driving under the influence of drugs, any applicant may also have to undergo drugs testing at their own expense to demonstrate that they are not using controlled drugs.

A licensed driver found guilty of driving whilst under the influence of alcohol or drugs shall have their council issued drivers licence revoked.

No applications will be entertained from anyone who has previously had a licence revoked by North Somerset Council or any other Local Authority.

Not in motor vehicle

14. An isolated conviction for drunkenness may not debar an applicant from gaining a licence. However, a number of convictions for drunkenness could indicate a medical problem necessitating critical examination.

In some cases, a warning would be sufficient. A conviction of this type of offence during the period of a council issued licence could warrant a warning as to future conduct, with subsequent convictions possibly leading to suspension and/or revocation of any licence held.

Drugs

15. Where an applicant has any conviction for, or related to, the supply of drugs, or possession with intent to supply or connected with possession with intent to supply, a licence will not be granted until at least 10 years have elapsed since the completion of any sentence imposed.

Where an applicant has a conviction for possession of drugs, or related to the possession of drugs, a licence will not be granted until at least five years have elapsed since the completion of any sentence imposed. In these circumstances, any applicant may also have to undergo drugs testing for a period at their own expense to demonstrate that they are not using controlled drugs.

Sexual offences

16. Where an applicant has a conviction for any offence involving or connected with illegal sexual activity, a licence will not be granted. In addition to the above, the licensing authority will not grant a licence to any applicant who is currently on the Sex Offenders Register or on any barred list.

A licence holder found guilty of sexual offences during the period of the council issued licence shall have their licence revoked.

No applications will be entertained from anyone who has previously had a licence revoked by North Somerset Council or any other Local Authority.

Violence

17. Crimes resulting in death

Where an applicant or licensee has been convicted of a crime which resulted in the death of another person or was intended to cause the death or serious injury of another person they will not be licensed.

18. Offences involving violence against the person

Where an applicant has a conviction for an offence of violence against the person, or connected with any offence of violence, a licence will not be granted until at least 10 years have elapsed since the completion of any sentence imposed.

19. Possession of a weapon

Where an applicant has a conviction for possession of a weapon or any other weapon related offence, a licence will not be granted until at least seven years have elapsed since the completion of any sentence imposed.

A licensed driver found guilty of violence related offences shall have their council issued drivers licence formally reviewed.

No applications will be entertained from anyone who has previously had a licence revoked by North Somerset Council or any other Local Authority.

20. Dishonesty

Where an applicant has a conviction for any offence where dishonesty is an element of the offence, a licence will not be granted until at least seven years have elapsed since the completion of any sentence imposed.

Any existing driver convicted of offences of dishonesty shall have their licence formally reviewed.

No applications will be entertained from anyone who has previously had a licence revoked by North Somerset Council or any other Local Authority.

21. Insurance Offences

An isolated incident in the past will not necessarily debar an applicant provided he/she 5 years have elapsed since the completion of any sentence imposed.

A driver found guilty of driving passengers for Hire and reward without the appropriate insurance will have their licence formally reviewed.

No applications will be entertained from anyone who has previously had a licence revoked by North Somerset Council or any other Local Authority.

22. Exploitation

Where an applicant or licensee has been convicted of a crime involving, related to, or has any connection with abuse, exploitation, use or treatment of another individual irrespective of whether the victim or victims were adults or children, they will not be licensed. This includes slavery, child sexual abuse, exploitation, grooming, psychological, emotional or financial abuse, but this is not an exhaustive list

23. Discrimination

Where an applicant has a conviction involving or connected with discrimination in any form, a licence will not be granted until at least seven years have elapsed since the completion of any sentence imposed.

In accordance with section 124 of the Police Act 1997, Disclosure information is only passed to those who are authorised to receive it in the course of their duties. We maintain a record of all those to whom Disclosures or Disclosure information has been revealed and we recognise that it is a **criminal offence** to pass this information to anyone who is not entitled to receive it.

Usage

Disclosure information is only used for the specific purpose for which it was requested and for which the applicant's full consent has been given.

Retention

Once a decision has been made to grant the relevant licence, we do not keep disclosure information any longer than is necessary. It is considered necessary to keep Disclosure information for longer, we will consult the DBS about this and will give full consideration to the Data Protection and Human Rights individual subject before doing so. PROOF OF IDENTITY

1. North Somerset District Council may not grant a Hackney Carriage and/or Private Hire Licence to any person who is not able to provide proof of their right to work.
2. **Authorisation to Work in the United Kingdom**
 - 2.1 All applicants will need to demonstrate that they have the right to work in the UK before an application for the grant of a licence may be considered. The Licensing Authority will operate its application procedures in line with guidance issued by UK Home Office.
 - 2.2 Further information can be obtained from this Council and from the Home Office website. Identification documents may be copied and forwarded to the Home Office for verification.
3. **Right to live and work in the United Kingdom**
 - 3.1 All applicants for a Hackney Carriage or Private Hire driver's licence must provide documentary evidence confirming their right to live and work in the United Kingdom.
 - 3.2 The UK Home Office has produced a list of documents that can provide this evidence. These are listed below. Documents provided from List A establish that the person has a permanent right to remain in the UK; documents from List B indicate that the person has a temporary right to be in the UK. A copy of every document produced will be kept by the Authority.
 - 3.3 The provision of a National Insurance number in isolation is not sufficient for the purposes of establishing the right to live and work in the UK. The National Insurance number can only be used for this purpose when presented in combination with one of the documents listed below.
 - 3.4 Licences granted to drivers whose leave to remain in the UK is time-limited will only be granted for up to the period for which they are entitled to work in the UK. Driver licences can only be issued for either 1 or 3 years and each case will be considered individually. For the licence to be extended (up to the maximum three years) drivers must produce further evidence to prove that they have the right to work in the UK.
 - 3.5 In the event of an existing driver who is wishing to renew their licence, the proof of right to work in the UK must be provided before the licence can be renewed. If it is not provided, the licence will not be renewed and the driver will not be licensed. However, if the licence holder is then able to submit the proof of right to work within three months of the initial expiry of the licence, subject to there being no other concerns, the licence will be reinstated and treated as a renewal application. However, any driver submitting this evidence more than three months after the expiry of the initial licence will not be afforded this privilege. In such cases the driver will be treated as a new application, requiring a new medical examination and all other documentation and checks that would be required when applying for a new licence. The applicant will be required to wait until all necessary checks have been completed before a licence can be issued.

- 3.6 If a driver does not have his licence extended, he will, on request, be entitled to a refund of a pro-rata proportion of the grant of licence fee.
