**NOTES:**

Parking Restriction Proposals			
OVERALL NUMBER OF SPACES AVAILABLE AS PER THIS OFFICE	LONG STAY PARKING <small>Pay &amp; Display: 5am - 9pm, Permit Holders Exempt</small>	SHORT STAY PARKING <small>Pay &amp; Display: 5am - 9pm, MAX STAY = 4 hours, Permit Holders Exempt</small>	PERMIT HOLDERS ONLY
	131	32	69

- The overall number of parking spaces available as per this proposal have been derived from an assumption that any parking space will be 6.0 metres in linear length.
- All new double yellow lines will be 50mm thick as recommended within Chapter 3 of the Traffic Signs Manual, 2019 - Section 13.4.5 for areas regarded as environmentally sensitive.
- All parking bays will be 1800mm wide, except for any parking bays which have been designated as disabled parking bays and the loading bay found on Vicarage Road which is intended for use by the North Somerset mobile library.
- The existing disabled parking bays which can be found in the layby adjacent to the Clifton Suspension Bridge will be consolidated as shown in this drawing, with the remainder of the layby serving as a short stay parking bay, the intended use of this short stay parking bay will be to allow road users to park off the main carriageway in order to collect change from the bridge toll booth prior to their crossing of the bridge, should they require change. The design shown on this drawing is not final and may be subject to change.
