Pedestrian Crossings at Weston-super-Mare Town Centre

North Somerset District Council intends to amend the pedestrian crossing facilities in Weston-super-Mare town centre as part of the Transport Enhancement Scheme to facilitate the passage of pedestrians between Station Road, Walliscote Road, Alexandra Parade and the new bus interchange on Regent Street.

These proposals will take out one zebra crossing from Walliscote Road and put in a total of two parallel zebra/cycle crossings, on Walliscote Road and Alexandra Parade respectively, and a total of three signalised toucan crossings on Station Road, east Regent Street (outside Tesco) and west Regent Street (outside the Odeon) respectively.
