Do you want to help make North Somerset safe and welcoming this summer? If so, we have a great opportunity to take on highly visible, customer focused roles within our Community Support Officer team on a casual basis until the end of September 2021.

In order to maintain and deliver an excellent visitor experience, North Somerset Council's Safer Communities Service are looking to expand their pool of casual Community Support Officers.

This role will primarily support the council's enforcement teams by identifying issues and feeding back to organisations including the council's Safer Communities Service, Regulatory Services and partner agencies such as the Police for further action to be taken to keep our town and surrounding areas safe.

You'll be talking to local residents, businesses and visitors to provide information and advice on COVID regulations and guidance they should follow in addition to promoting safe and responsible use of the beach fronts, public spaces and beauty spots across North Somerset.

You will also be expected to assist with the enforcement of low level anti-social behaviour and environmental issues in public spaces which will involve enforcing the Public Space Protection Orders (PSPOs), for which full training will be provided. Therefore, relevant enforcement experience would be advantageous.

The post holder will work a shift pattern (covering the 7 days/week) which will include evenings and weekends based on demand. Applicants will also need the ability to drive around the North Somerset area on a regular basis – access to a vehicle will be provided.
