

STATEMENT OF REASONS

NORTH SOMERSET COUNCIL
(VARIOUS ROADS, A370, CLEEVE AND BROCKLEY , NORTH SOMERSET)
(SPEED LIMITS) ORDER 2024

As part of its approved Bus Service Improvement Plan (BSIP), North Somerset Council proposes to extend the current 40mph speed limit that begins near the A370's junction with Rhodyate Lane and proceeds through Cleeve to include the junction of the A370 Main Road with Brockley Lane and Brockley Combe Road.

The proposed speed limit changes to 40mph are intended to help manage traffic speeds on the approaches to the junction and therefore avoid danger to persons or other traffic using the junction of the A370 Main Road with Brockley Lane and Brockley Combe Road.
