

The Community Team for People with Learning Disabilities Factsheet

We want to tell you about our Community Team for People with Learning with Learning Disabilities.

Our team think that it is important you get the right support to meet your care and support needs.

Our team supports adults with learning disabilities who have eligible care and support needs and live in North Somerset.

You can call 01275 8880 for advice about our learning disability team and whether we can support you.

You can also ask a professional who knows you well to send us a referral form.

Service provided by:

Our team don't provide medical help or therapy. Sirona Health Care may be able to support you with this. You can phone them on 0300 124 5888.

Once a referral has been accepted by our team, someone will contact you.

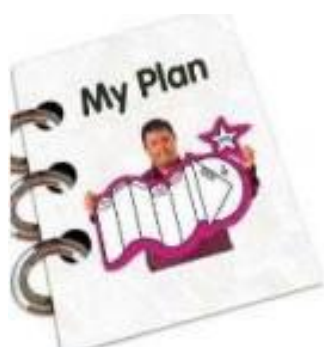

If we can't help you we will contact you to tell you why. We will also give you information and advice about other people who may be able to support you.

If we agree that you need support from our team we will work alongside you to think about what care and support you need.

We will also ask you if you want other people to help us think about what you need. This could be a family member or a carer.

Together, we will make a plan. This might include some things for you to do to help yourself, and some things others can do to help you.
