

# Schedule of all potential sites for consideration in the Local Plan

The following schedule lists all sites that have been identified through the Strategic Housing Land Availability Assessment process to date. These are categorised in relation to the spatial strategy sequential steps.

SHLAA Ref	Area	Category	Site location	ALL SITES CAPACITY	POTENTIAL CAPACITY FOLLOWING CONSIDERATION OF PRIMARY CONSTRAINTS
				This list shows a draft indicative theoretical capacity of all known sites, without considering constraints or conformity with the spatial strategy. Capacities are subject to review and change.	Primary constraints are current or future flooding (fluvial and tidal), Mendip Hills National Landscape, Local Green Spaces, and some ecological and heritage designations. These may rule out a site entirely or result in a reduced capacity being considered at this stage
<b>SITES ALREADY IDENTIFIED IN REG 19 PLAN - BY BROAD AREA</b>
