

## Our vision:

- Well-managed, well-maintained parking facilities that meet our current and future needs, support local economies, respond to the challenges of the climate emergency, and uphold our ambitions for healthy communities, which are safe and attractive places for residents and visitors to use.
- Finding the right balance of parking provision to meet community and economic needs whilst discouraging unnecessary car journeys or blighting neighbourhoods.
- Parking that is self-funding where possible or which creates surplus that the Council can invest back into improved parking, transport, infrastructure and maintenance.

The list of actions that could be developed includes:

## Short Term Actions (next one to two years)

Improve the way parking is managed in places of high demand by introducing charges in some of the **car parks** that are currently free

- Car parks in the main towns: Clevedon, Nailsea, Portishead

Design and implement **on-street** parking charges in places of high demand

- Main towns: Clevedon, Nailsea, Portishead

Residents' Parking Pilot Scheme – Deliver detailed design and implementation of the proposed phase 1 residents' parking scheme in Weston-super-Mare Town Centre

- Weston-super-Mare Town Centre
- Phased expansion to other priority locations

Develop proposals for overnight parking restrictions to tackle nuisance parking

- Portishead Lakegrounds, Clevedon Seafront

Review charges across all parking locations to ensure the right charges for the right areas

- All locations

Inflationary increases annually on all parking charges

- All locations

Parking enforcement – legal powers to be introduced in Weston seafront and enforcement to be introduced

- Weston-super-Mare

Cashless parking – develop proposal with timescales

- All locations

Develop proposals for a short-stay car park permit to support local residents and the local economy

- Main towns: Weston-super-Mare, Clevedon, Nailsea, Portishead

## Longer Term Actions (three to six years)

Design and implement future phases to expand on the pilot residents parking scheme

- Weston-super-Mare town centre

Design and implement additional resident parking schemes

- Identify and develop schemes in areas affected by the expansion of parking charges across the district.
- Potential locations include Uphill (near the hospital) and the Coronation Estate (near the Loxton Road college campus).

Review of our approach to the digital parking app and the National Parking Platform.

- All locations

Invest in the maintenance of car parks

- All locations

Consider future expansion of charges

- All locations

Expand secure parking options for e-bikes and bicycles.

- All locations
