The applicant must complete this page

Applicant's declaration

You **must** fill in this section and **must not** alter it in any way.

Please read the following important information carefully then sign to confirm the statements below.

Important information about fitness to drive

As part of the investigation into your fitness to drive, we (DVLA) may require you to have a medical examination or some form of practical assessment. If we do, the people involved will need your medical details to carry out an appropriate assessment. These may include doctors, orthoptists at eye clinics or paramedical staff at a driving assessment centre. We will only release information relevant to the medical assessment of your fitness to drive. Also, where the circumstances of your case appear exceptional, the relevant medical information would need to be considered by one or more members of the Secretary of State's Honorary Medical Advisory Panels. Panel members must adhere strictly to the principle of confidentiality.

Declaration

I authorise my doctor and specialist to release reports and information about my condition which is relevant to my fitness to drive, to the Secretary of State's medical adviser.

I understand that the Secretary of State may disclose relevant medical information that is necessary to investigate my fitness to drive, to doctors, paramedical staff and panel members.

I declare that I have checked the details I have given on the enclosed questionnaire and that, to the best of my knowledge and belief, they are correct.

I understand that it is a criminal offence if I make a false declaration to obtain a driving licence and can lead to prosecution.
