

Extra funding to support your child....

Early Years Pupil Premium for Children aged 9 months and above

Did you know that your child's nursery, preschool or childminder may be able to claim extra funding to help your child's learning and development? It's quick and easy to find out if they can claim for your child. Just ask your provider for details.

How could extra funding help my child?

The Early Years Pupil Premium (EYPP) is additional funding for children aged 9 months and above that can be claimed by your childcare provider.

Based on what they know about your child, they will identify the best ways to use the funding to support your child's learning and development.

It could be used to:

- Offer additional play and learning experiences for your child.
- Support particular areas of their learning and development.
- Extend the resources, equipment or facilities available to your child.
- Increase flexibility to meet your child's needs and interests.
- Help prepare them for starting school.

Speak to your childcare provider who will check if your child could benefit from EYPP.
